

The Obesity Prospective Cohort Study of the Medical Students

Dear Batch 16 and 17,

You are invited to participate in a research study titled, "The Obesity Prospective Cohort Study of the Medical Students". This study is being conducted by medical students of Taylor's University as part of the research module of Bachelor of Medicine, Bachelor of Surgery (MBBS) programme.

Your involvement in this project will be completing the questionnaire, and you have the right to withdraw from the project at any time, including withdrawal of any information provided.

There is no risk in the performance of the tasks and application of the procedures. The results of the project may be published, but you may be assured of the complete confidentiality of data gathered in this investigation: the identity of participants will not be made public without their consent.

Information collected in this study may benefit the field of medicine in the future by better understanding the impact of various risk factors on the physique of the medical student.

This research project is done under the supervision of Dr. Jo Ann Andoy Galvan

If you have any concerns or questions about this study, please kindly contact us via email:
Ismail Yaesh Ahmed (ismailyaesh.ahmed@sd.taylors.edu.my)
Calvin Wong (calvinkahweng.wong@sd.taylors.edu.my)

The project has been reviewed and approved by the Taylor's University Human Ethics Committee (HEC 2023/334).

Kindly Please take 5 minutes to do the survey. Your cooperation is very much needed. Thank you for your participation.

* Indicates required question

1. Student ID *

2. Age (as of 1st January 2023) *

3. Gender *

Mark only one oval.

Female

Male

4. Ethnicity *

Mark only one oval.

Malay

Chinese

Indian

Other: _____

5. Family History of Obesity *

Only first degree relatives (father, mother, brothers, sisters)

Mark only one oval.

Yes

No

Not sure

6. Accomodation *

Mark only one oval.

- With Parents / Anyone that cooks regularly
- Alone / Friends / non-regular cooks

Stress level

Please read each statement and select a number 0, 1, 2 or 3 which indicates how much the statement applied to you over the past week. There are no right or wrong answers. Do not spend too much time on any statement. The rating scale is as follows: 0 : The statement did not apply to me at all . 3 :Applied to me very much or most of the time

7. *

Mark only one oval per row.
